

INMAR inflatable SUP Boards brings the excitement of stand up paddling to people who like to travel or have limited storage space. This high pressure SUP incorporates inflatable drop stitch construction, together with the portability and easy storage of a roll up design. Our boards bring enough length for good glide, and yet still easy to maneuver while paddling. Our package comes complete with everything you will need for that fun day on the water. The deck mounted bungee tie down system features an integrated non slip traction surface, with an easy carry handle.

### ***SPECIFICATIONS***

- Length:** 10'6" (320 cm)
- Width:** 29.5" (75 cm)
- Thickness:** 5.875" (14.9 cm)
- Nose Rocker:** 4" (10.2 cm)
- Board Weight:** 24.5 Lbs.
- Maximum weight capacity:** 275 Lbs.

### ***QUALITY***

Made from a durable drop stitched PVC material, this board is further enhanced by a secondary layer of PVC material to give double layer and double seam construction throughout the entire board. This allows the board to be inflated with extreme rigidity recently unimagined in an inflatable SUP.
